

## COVER MODEL FOR TFG AND TFM

The cover is a page where all the relevant details of the TFG/TFM appear.

The format in which this information is presented corresponds to a classic cover style of very different kinds of publications, where the information is characterized by its simplicity and clarity. This information can be grouped into two blocks.

In the first block, which takes up approximately 2/3 of the cover, is necessary to state:

- Name and surname/s of the author.
- Title of the TFG/TFM.
- Expression “Bachelor’s Degree Final Project” or “Final Master’s Project” and, in the following line, the expression “directed by Mr. / Ms. /Dr. ....”
- Name of the study program.

In the second block, which takes up the third part remaining, includes:

- Logotype and name of the University.
- City.
- Year.

It should be noted that the language of the title must match the language in which the TFG/TFM is written.

In no case can be stated in the cover other information but the specified in this document (e.g., composition of the committee, sponsors logo, etc.).

The following is an example of a cover.
